

Day One Schedule

8:00am - 5:15pm	» Registration
Keynote Address 9:00am - 10:15am	» The disruptive potential of blockchain technology — An analyst's view <i>Bill Fearnley, Research Director for Blockchain Strategies, IDC</i>
10:15am - 10:30am	» Refreshment Break
Breakout Sessions 10:30am - 11:30am	» Beyond buzzwords: An introduction to blockchain for business leaders <i>Paul Tatro, Blockchain Training Institute T1</i>
	» What is blockchain's impact on my enterprise applications? <i>Mickey North Rizza, IDC T1</i>
11:30am - 11:45am	» Refreshment Break
Breakout Sessions 11:45am - 12:45pm	» Blockchain for the enterprise: Strategic considerations and predictions for the future <i>John Bass, Hashed Health T1 T2</i>
	» Leveraging blockchain and Internet of Things (IoT) to digitize your supply chain <i>Samantha Radocchia, Chronicled T2</i>
12:45pm - 1:45pm	» Lunch
Breakout Sessions 1:45pm - 2:45pm	» Panel: Blockchain and the transformation of financial services <i>Moderator: Bill Fearnley, IDC T3</i>
	» Public, private, semi-private, or consortium? A guide to choosing the right blockchain system <i>Igor Telyatnikov, AlphaPoint T1</i>
2:45pm - 3:00pm	» Refreshment Break
Breakout Sessions 3:00pm - 4:00pm	» The future of blockchain and trusted computing — A new security paradigm <i>Steven Sprague, Rivetz T1 T2</i>
	» Panel: Blockchain's potential as a disruptor in healthcare and life sciences <i>Lynne Dunbrack, IDC; Panelists: Dr. Ron Ribitzky, R&D Ribitzky and John Bass, Hashed Health T3</i>
4:00pm - 4:15pm	» Refreshment Break
Breakout Sessions 4:15pm - 5:15pm	» The Delaware Blockchain Initiative: What this revolutionary legislation means to your company <i>Caitlin Long, Symbiont T2</i>
	» Panel: Blockchain's emerging role in supply chains and logistics <i>Moderator: Victoria Brown, IDC; Panelists: Shari Diaz, IBM; Samantha Radocchia, Chronicled T3</i>

Day Two Schedule

8:00am - 4:30pm	» Registration
Breakout Sessions 8:30am - 9:30am	» Case study: Finance reimaged — How blockchain is fueling State Street Bank's digital transformation efforts <i>Moiz Kohari, State Street Bank T2</i>
	» A guide to integrating SAP applications with private blockchains across the supply chain <i>Michael Pytel, NIMBL T1 T2</i>
9:30am - 9:45am	» Refreshment Break
Breakout Sessions 9:45am - 10:45am	» Panel: Powering decentralized peer-to-peer cloud storage with blockchain <i>Moderator: Bradley Rotter, Rivetz; Panelists: Steven Sprague, Rivetz and David Vorick, Sia T2 T3</i>
	» Blockchain innovation adoption road map: The case for healthcare and life sciences <i>Dr. Ron Ribitzky, R&D Ribitzky T2</i>
10:45am - 11:00am	» Refreshment Break
Breakout Sessions 11:00am - 12:00pm	» Safe cities and distributed ledger technology — How blockchain is improving public safety <i>Dr. Alison Brooks, IDC T2</i>
	» Gaining anonymous, trustless consensus and the mechanics of smart contracts <i>Paul Tatro, Blockchain Training Institute T1 T2</i>
12:00pm - 1:00pm	» Lunch
Breakout Sessions 1:00pm - 2:00pm	» Making illiquid assets liquid — Digitizing assets with blockchain <i>Igor Telyatnikov, AlphaPoint T2</i>
	» More than just bitcoin: How blockchain is redefining the payments landscape <i>James Wester, IDC T1 T2</i>
2:00pm - 2:15pm	» Refreshment Break
Breakout Sessions 2:15pm - 3:15pm	» How blockchain technology can revolutionize food traceability and improve trust in the global food supply <i>Brigid McDermott, IBM T2</i>
	» A closer look at blockchain's biggest potential for innovation: Trust <i>Jacob Hall, Agingo and Kyriakos Skouris, Agingo T1</i>
3:15pm - 3:30pm	» Refreshment Break
Breakout Sessions 3:30pm - 4:30pm	» Understanding blockchain adoption from an enterprise perspective <i>Torsten Zube, SAP T1</i>
	» Interactive Workshop: From ideation to innovation — Get a jumpstart on your blockchain plans <i>Dr. Ron Ribitzky, R&D Ribitzky T1 T3</i>
4:30pm	» Event Concludes
